

Vale of Evesham School

'a specialist school for cognition and learning - enabling inclusion in the community'

Emergency School Closure

If for any reason there is a likelihood of the school being closed (for example if large amounts of snow have fallen over night) parents and carers should listen for announcements on local radio stations, visit the school and/or Worcestershire County Council Website.

We also operate a text messaging system that allows us to give you up to date emergency information direct to your mobile phone and we will use this in the event of school closure. This system needs to be signed up to on admission to school.

If for any reason school needs to be closed, after the pupils have arrived at school, all parents/carers will be contacted it is most important therefore that the school office has current and correct home and mobile phone numbers as well as alternative emergency numbers so that parents and carers can be contacted urgently. **PLEASE INFORM US OF ANY CHANGES TO TELEPHONE NUMBERS OR EMAIL ADDRESSES IMMEDIATELY.**
