

Vale of Evesham School

'a specialist school for cognition and learning - enabling inclusion in the community'

Early Years Outreach

The Vale of Evesham School provides outreach support to Early Years settings in the Evesham /Persore area. We support settings in developing strategies to meet the needs of pre-school children with a wide range of additional needs. Outreach staff visit settings for 6 to 8 weeks on a weekly basis and work alongside setting staff to model strategies, trial resources and proactively problem solve issues. We also offer bespoke training and opportunities to visit our nursery setting. Outreach support is available free of charge for children known to the South Worcestershire Pre school forum.

We support about 20 settings each year. To discuss outreach support please contact us here at the Vale of Evesham School, we will sign post you to the South Worcestershire Pre-school forum who allocate outreach support.

Nicky Sentance – Deputy Head Teacher ns40@valeofevesham.worcs.sch.uk
