

[[CASE STUDY]]

DATE

31.01.2022

SCHOOL

Vale of Evesham School

DISTRICT

Evesham

EVENT NAME

Careers Upper KS2

NUMBERS ATTENDED

12 students 1 term, fortnightly

WRITE UP

Claire Gilkes from the Department of Works and Pensions attend in person or more recently by Zoom to do twenty minutes on the Careers topic we are studying.

Claire provides a link with an outside provider and has worked with years 7, 8 and 9.

She has up to date information about any new careers' opportunities and some of the recent initiatives including the developing area of robotics.

Claire will provide additional online games and power points to support the programs we are delivering in school.

This has been very successful as Claire meets the SEND students and feeds back to the DWP their needs and any opportunities that could be created for them as adults in the working world.

This link has been happening for five years now and is a valuable asset.
