Good afternoon

Firstly, we would like to thank all staff and parents who have contributed to the consultation process around the change of school name.

We realise that we are only a few days into the process, but the response has been exceptional, and it has enabled us to reach a decision very quickly, which is a testament to the passion and involvement that all of you have in the school.

It has been clear to us that both parents and staff feel very strongly that the school should retain the name Vale of Evesham and that this is an important part of the sense of belonging to the school.

The strength of this sentiment and the conviction in the arguments as to why we should keep the name are so compelling that Rachel Perks has immediately acted to bring them to my attention, we have discussed them and have decided not to change the name.

In twenty years of work in school management I have never had such positive response to any consultation on any subject, and I can only say what a pleasure it has been to be involved in this process and to see how committed you all are to The Vale of Evesham School.

I very much look forward to moving forward together.

Your sincerely,

Jay Hart  
Executive Headteacher
