● Strongly disagree	0
● Don't know	1

What could the school do to improve your understanding of your child's curriculum and learning?

They explain everything to me
Nothing on my mind
keep it up and improve their evaluation process. the child might go to a different class which unable for a child to improve and excel in his own capabilities especially year end evaluation
i think it is well done at this time .
send more of my child's work home and communicate a bit more of progress my child is making at school and what they have been learning in class.
nothing its brilliant
asking the student what they would like to do.
communication
nothing
i feel school fully understands and informs me fully of my childs curriculum and learning and keeps me updated at all times
Love class app!note for question 9: without transport provided it is too much time in car at expense of my other children so we can't access a lot of sports clubs
nothing to improve
explanation of acronyms.Notes for questions answered 'don't know' : New to school is reason for this answer.
continue doing what you are doing
nothig
we have never had a problem in any aspect with school
Nothing the school is fantastic
unsure
perhaps an online tool like firefly where information can be accessible. He needs a lot of exercise-would be good if this was part of his daily routine (appreciate cant cater for everyone)
not needed
no
everything fine .
I am happy with all for my child.
I will be happy if I can check a daily note about my son at his school dairy
Nothing comes to mind
nothing
I am very happy with the school
Invitation into the school to observe the class environment
The staff already give me a really detailed understanding of my daughters curriculum and learning

early years do tapestry and I personally think this would be great for the older ones as well
More session with speech and language topic
I think they are doing a fantastic job already
Have parents evening a bit later than as soon as they go back to school they have not learnt enough
Not sure he is here for only 3 weeks so far and 3xperweek
am happy with all areas
More information throughout the year not just at parents evening and annual review
Better daily communication of progress, activities and achievements. Using an online facility would be better than the current diary, and would enable all classroom staff to contribute quickly and effectively.
we are happy with the communication that we have.
dobt no
Absolutely nothing - so pleased with the school - Thank you
Perhaps a less plan of how my childrens' day is structured and what they're going to be doing in a typical day.
We cannot think of anything further, Matthew has a wonderful experience in school every day. We would like to take this opportunity to say that the new arrangements with 'ability' arranged classes has been fantastic for matthew - he has settled quickly into the new year and has an excellent rapport with his peers. He has shown less anxiety in the first week of term
More communication and parents evenings
Could send homework home for weekends, projects, extra learning
I am very happy with my son's curriculum and learning
Nothing more!
Nothing
