

## Super Reading Progress!

Summer, a year 6 pupil, has made astonishing progress with her reading this year. She began the year knowing a couple of letter sounds and required significant support to blend.

This year, she has accessed Read Write Inc phonics sessions on a daily basis. She has been motivated by this and has continued to make progress. As a result, her confidence and enjoyment of books has continued to grow which has been evident both in school and at home.

Summer is now successfully reading whole sentences within short books to her peers, unfamiliar staff and is excited to take books home to share with her family members. Well done, Summer!
