### Fantastic Freecycled Furniture a Huge Hit with Vale Students!

Vale of Evesham School were delighted to receive lots of pre-loved furniture courtesy of Sumitomo Electric Hardmetal.

John Turner, General Manager at the firm explained that due to their office relocation they no longer had need for a quantity of office chairs, desks and other furniture and it was looking for a new home.

Once the furniture was set up in school, our student councillors were keen to be the first to try them out, giving them a big thumbs up.

Many thanks to Sumitomo Electric Hardmetal from everyone at Vale of Evesham School.

Brian Thomas, Headteacher with members of the school council testing out the new seating
