

### Literacy and English Text Map

This is a working document to show progression in texts across the school. The literature suggested in the table below are linked to the units being taught within English lessons. Where possible, texts also relate to the overarching theme for the term. Teachers can select 1 or more texts from the list to study each half term between KS1-LKS2. Once in UKS2, teachers will usually focus on one text per half term and teach using multisensory approaches to suit the learning styles of pupils within the class. Where longer books are chosen; the focus may turn to particular extracts of the text.

Pupils will engage with literature above their reading ability; covering a broad range of themes, eras and cultures. They will access a range of motivating reading materials through a variety of medias, both for pleasure and for purpose. Texts will be high quality often using adapted versions (particularly in UPK2 onwards) and promote meaningful discussions. The texts chosen will go on to inspire and support pupil's writing.
